

The Federal Emergency Grants for Spring 2022

The Indiana County Technology Center was signed & returned a Certification & Agreement with the Department of Education to accept allocated funds from the Coronavirus Aid Relief and Economic Security Act (CARES), Public Law 116-136. The Indiana County Technology Center also received supplement funds from the Coronavirus Response and Relief Supplemental Appropriations Act (CRRSAA), Public Law 116-260 and the American Rescue Plan (ARP), Public Law 117-2. The CRRSAA & ARP established and funded the Higher Education Emergency Relief Fund II & III (HEERF II & III) to provide emergency financial aid grants. These critical funds help eligible ICTC students cover expenses related to any component of the student's cost of attendance or for emergency costs that arise due to coronavirus, such as tuition, food, housing, health care (including mental health care) or childcare. Following ARP guidelines, If ICTC obtains a student's written (or electronic), affirmative consent, ICTC is permitted to apply these grants directly to the student's ICTC account; however, students must be informed that they retain the option to receive a direct disbursement of the financial aid grant and that ICTC may not require that the grant be applied to the student's account.
